

I am extremely disturbed by Sinclair Broadcast Group's determination to air a blatantly partisan film as "news."

My concern is not about which side Sinclair has chosen in the partisan arena. I do not believe a broadcasting group has the right to take a side at all. Such actions may have very serious implications for the well being of our democracy. Sinclair uses the public airwaves free of charge, and instead of serving the public interest, seeks to use its privileged position to unfairly influence our democratic process. Sinclair's actions show why we need to strengthen media ownership rules, not weaken them.

Thank you for your attention to my concerns.
